

## Harumi Sugimatsu

Japanska slikarica

### Double - Zagreb - Tokyo -

Acrylic Painting Exhibition, Europe House Zagreb, Croatia

26. June to 20. July, 2007

Yesterday and Today, Here and There.

Everything exists in Time and Space has double side.

Thinking about Time and Space, I am at work on painting in Tokyo.

When to live and where to live in give works of an artist different artistic value?

How my works exist at **Tokyo**, then how metamorphose at **Zagreb**?

How do I feel my works at **Tokyo**, then at **Zagreb**?

How do you feel my works at **Zagreb**, then at **Tokyo**?

Reflection comes from each side.

Site-specific images and memories in art works will be improved by meetings with the other sites, as same as our existence.

**Tokyo - Zagreb then Zagreb - Tokyo.**

You and I, then I and you.

To be here and there, we will meet together with via art works.
